GOOD WORK DONE IN CHURCH.

CONFIRMATION FOR THE LAST
THREE YEARS NUMBER
MANY THOUSANDS.

AN EXCELLENT
FINANCIAL SHOWING.

Church Revenue Has Been
Large and Much Relief
Has Been Given.

SAN FRANCISCO, Oct. 15.—Only three days remain for the transaction of business by the Triennial Convention of the Episcopal Church of America. A number of important questions remain to be disposed of, but it is thought that by limiting the time of the speakers much can be accomplished before adjournment.

Before the opening of the House of Bishops the prayers were read by Rev. Edwin A. Penick of Arizona, who also pronounced the benediction.

The House of Bishops assembled as usual behind closed doors. It is presumed that before adjournment it will make a new nomination of a missionary Bishop for the District of North Dakota, its previous nomination not having been ratified by the House of Deputies.

There will be a general missionary meeting tonight with special reference to colored work in the South, Haiti and Africa.

HOUSE OF DEPUTIES.
SAN FRANCISCO, Oct. 15.—Resolutions were adopted recommending that all appointments to scholarships be based on competitive examinations also that fellows of the Seminary be encouraged to pursue their studies abroad also that provision be made for courses of instruction in missionary work.

The Committee on the Division of Dioceses reported that they found themselves unable to recommend setting off a portion of the Diocese of Springfield as a missionary district, but they recognized the claim of Springfield to some sort of relief in the evangelization of its great territory.

The Committee on the state of the church presented its report which included the following statements:

The number of confirmations during the three years was 121,342, which was.

FORESTERS HOLD A MEETING IN CHICO.

CHICO, Cal., Oct. 15.—The twelfth annual High Court of the Independent Order of Foresters convened in this city today.

The High Court was called to order by High Chief Ranger G. A. McElfresh, who appointed J. A. Gaudin of San Francisco to serve as High Senior Woodward pro tem. The roll call of officers 100 new members of the High Court were initiated and seated.

General committees were appointed, also a committee to draft resolutions to the memory of President McKinley.

A CRACK COLT.

LONDON, Oct. 15.—R. S. Slevier's crack bay colt Duke of Westminster, by Orme, out of Gauntlet, has been purchased by G. F. Faber for £21,000, the record price for a 2-year-old.

DIMMICK IS MAKING A HARD FIGHT FOR LIBERTY

SAN FRANCISCO, Oct. 15.—Ex-Chief Clerk Dimmick of the Mint is making a hard fight for his liberty.

This morning when his case was called for sentence, his attorney, Mr. Collins, made a motion for a new trial on the ground that the Court erred in permitting certain answers to be given on cross-examination.

Mr. Collins took up the entire morning in his argument and is again talking this afternoon.

Judge Denson will follow him for the Government.

RAILROAD MAGNATES MEET AT DENVER.

DENVER, Colo., Oct. 15.—George Gould arrived in Denver last night and at noon today attended the annual meeting of the stockholders of the Denver and Rio Grande. He is accompanied by his wife and two sons and a party of friends from New York and officials of the Missouri Pacific system. Mr. Gould will leave tonight for Ogden.

The Denver and Rio Grande directors' meeting was brief and harmonious. Russell Harding and G. C. Warner, personal representatives of Gould, were elected directors. After the routine business of the session there was discussion of Mr. Gould's plans for perpetuating the policies that have characterized the management of the Denver and Rio Grande.

He expressed a desire to do everything possible to stimulate transportation and encourage the industrial growth that is

COULD NOT CROSS THE GREAT SEA.

FRENCHMAN FAILED IN HIS
ATTEMPT TO SAIL OVER
THE WATER.

BALLOON WOULD
NOT DO THE WORK.

Was Picked Up by a Cruiser
That Was Sent Out by
Government.

PARIS, Oct. 15.—The attempt of the Count de la Vaux to cross the Mediterranean in a balloon, which left Les Sables, near the Toulon Saturday night has failed.

The Minister of Marine, M. de Lanes, has received a dispatch from Toulon announcing that the cruiser Du Chailieu which was escorting the balloon, is returning to port with the balloon and her passengers, which she picked up ten miles east of St. Lauree lighthouse.

The balloon was uninjured.

The result of the experiment did not cause any surprise after the news brought to Marseilles by incoming steamers this morning that the south-east wind which was blowing out at sea would carry the balloon to the coast of Spain or to Gibraltar.

Moreover, the latest news from the passengers of the balloon indicated that it was proceeding very slowly.

These two factors probably caused Count de la Vaux to abandon his attempt.

SAN JOAQUIN VALLEY FAIR OPENED TODAY.

STOCKTON, Cal., Oct. 15.—The San Joaquin County Fair, which opened in this city today under the auspices of the Stockton Driving Club, gives every indication of being the best held here in years.

The race meet, it is conceded, will be far ahead of any heretofore held on the local track, which is regarded as the fastest on the coast. There are now 175 high class racers at the track. The pavilion display is also better than ever. This is ladies' day at the track, the ladies being admitted free, and there is a large attendance. The weather is perfect.

The races began at 1:30 o'clock, the following being the card:

Trotting, 2:30 class—five starters.

Pacing, 2:15 class—five starters.

Pour and a half furlongs dash—2-year-olds—seven starters.

Six furlongs, selling—ten starters.

Mile dash, all ages—seven starters.

The crowd is filling up with strangers, a great many coming in from the country.

Police precautions to prevent pickpockets or confidence men plying their trades have been taken, detectives being here from San Francisco and Sacramento.

Vaudeville attractions and band concerts, with a dance late in the evening, are scheduled for the pavilion tonight.

The provision decorations this year are much superior to those of former years.

SAFE BLOWN OPEN BY BOLD ROBBERS.

MASON CITY, Iowa, Oct. 15.—The safe of the bank at Rudd was blown open by dynamite last night and the robbers secured \$1,500. They escaped on a hand-car and took to the woods.

BATTLED WITH BOLD ROBBERS.

USED FIVE CHARGES OF DY-
NAMITE TO BLOW UP
AN OHIO BANK.

WERE PURSUED
BY THE CITIZENS.

Men Made Their Escape to the
Woods and Have Not Yet
Been Captured.

MOUNT VERNON, Ohio, Oct. 15.—The vault of the bank at Danville, Ohio, was blown open early by a gang of eight robbers.

Five charges of dynamite were used and the bank building as well as the vault was wrecked.

The explosions aroused the citizens and a pitched battle took place, during which the thieves took flight.

They were followed to Buckeye City, where they had rigs in readiness and drove rapidly away.

Pursuit was at once taken until Adrian Woods were reached, where the vehicles were abandoned by the robbers, who sought cover.

The woods and all roads in the neighborhood have been placed under guard and it is expected that the men will all be captured.

During the flight a buggy in which two of the crooks were riding, broke down and they were forced to abandon it, riding away on the horses.

The buggy was found a large quantity of chickens and edibles of various kinds, which is taken to indicate that the gang intended to hide themselves in the woods somewhere and camp out until the excitement incident to the robbery had died down.

At least one of the robbers was wounded in the fight.

Banker Wolfe says that little of value was secured.

ODD FELLOWS AT FRESNO.

Grand Encampment of the Pa-
triarchs Militant Meeting
in the South.

FRESNO, Cal., Oct. 15.—A session of the Grand Encampment of the Patriarchs Militant of the Odd Fellows was held this forenoon at which no other business was done than to read and receive reports of grand officers. The delegates are slow in arriving, the night trains having brought the contingents from Stockton, Sacramento and the north central portions of the State. Still the town is crowded with visitors and Odd Fellows in uniform are in evidence everywhere.

The arrivals are received and escorted by hand and local Canton to Camp Brower, which has been pitched in the Court House park under the umbrageous trees. A grand arch has been erected at the park entrance and the business streets generally are decorated. Hotels and lodging houses are crowded, but ample provision has been made for all in private houses, besides which the tents will house many if there is an overflow. An elaborate program for the week's festivities has been prepared, opening tonight with the public exercises at the Barton Opera House. The parade will be tomorrow with a dress parade of the Cantons daily in the afternoon. The great influx of arrivals is timed for today.

ORDER POUR LE MERITE FOR COUNT.

BERLIN, Oct. 15.—Emperor William has conferred on Field Marshal Count von Waldersee the order of Pour le Merite with oak leaves.

MISS STONE BEGS FOR RANSOM.

SHE IS HIDDEN IN A SUBTER-
RANEAN RETREAT AND IS
TREATED WELL.

WRITES A LETTER
TO A FRIEND.

Asks That the Military Pursuit
Be at Once Aban-
doned.

SOFIA, Oct. 15.—Although the time fixed by the brigands who abducted Miss Ellen M. Stone, the American missionary, for the payment of the ransom demanded expired a week ago, no one has appeared at Samokof to claim the money or to announce the fate of the captive.

It is now learned that the band has dissolved, but that Miss Stone is kept under surveillance at some distance from the frontier. This is due to snow and cold weather rendering the mountains uninhabitable.

TREATED COURTEOUSLY.
SOFIA, Oct. 15.—The parents of Madame Tsilka, the Bulgarian teacher who was captured by brigands with Miss Stone, have received another letter from their daughter urging the step already taken, namely stopping the military pursuit, because the brigands threaten the lives of the parents.

MEETING OF THE BISHOPS.

Will Not Make Public Names of
Those Who Are Candidates
And Not Elected.

SAN FRANCISCO, Oct. 15.—The House of Bishops today agreed with the House of Deputies in accepting the report on marginal readings. The rejection of the nominee for Missionary Bishop of North Dakota having been reported from the House of Deputies, other nominations for the office were considered.

The Bishops of Maryland and Delaware were appointed a committee to confer with a committee from the House of Deputies regarding the proposition not to make public the names of persons who may be named and not elected Bishops.

The report of the joint committee on the orders of the church in Sweden was received and referred to the Committee on Ecclesiastical Relations. It was resolved to give all the aid possible to missionary work among the Scandinavian immigrants.

The joint committee on the validity of the orders of the Reformed Episcopal Church reported progress and was continued.

It was recommended that the new version of the prayer book in German be approved and permission given for its use.

Bishop Potter of New York was selected to prepare the pastoral letter for 1904, his assistants to be the Bishops of Southern Virginia and Albany.

COLLISION IN WHICH ONE WAS KILLED.

DES MOINES, Iowa, Oct. 15.—In a head-end collision last night on the Chicago, Milwaukee and St. Paul road near Fayette, Engineer Culbertson was killed. Conductor Haefner seriously injured, and two members of the Highland Park College football team, Miller and Henry, slightly injured.

SUPREME COURT MEETS IN SOUTH.

LOS ANGELES, Cal., Oct. 15.—The Supreme Court met in this city today and listened to examinations of candidates to practice before the highest State court. No decisions were handed down and adjournment was taken until tomorrow.

BRAVE ACT OF MRS. DAN LEVY.

FRIENDLESS AND ALONE SHE
SEARCHES FOR AND FINDS
HER STOLEN CHILD.

GAVE HUSBAND
A CLEVER SURPRISE.

Searched the Grounds at the
Presidio and Got a Clue to
Her Lost Baby.

The four-year-old baby who was abducted Sunday evening by its father, Daniel Levy, with the assistance of the police, from the home of H. M. Harrington, the child's grandfather, who resides at 903 Twelfth street, was recovered by the distracted mother last night by a clever piece of detective work.

She tracked her husband, who is an enlisted soldier, to the Presidio and by a clever piece of strategy gained possession of the child.

Mrs. Levy had an interview with Chief of Police Hodgkins late yesterday afternoon. The Chief informed her that it would be impossible for him to assist her in the recovery of her child, as the father was legally as much the custodian of the child as she was.

Although the Police Department aided in the abduction of the child from its mother, there was no legal way for them to assist in returning the little one to its mother except by due process of the law.

Friendless, unknown and unassisted, the mother found her way to the Presidio and anxiously awaited for some sign of her loved one. She was afraid to meet her husband for fear he would conceal the child where it would be impossible to find her. For hours she

TO INVESTIGATE CAPT. PETERSON.

Mayor Barstow and City Attorney Johnson are holding a conference this afternoon as to whether they will investigate the conduct of Night Captain Peterson.

It is stated that Captain Peterson sent Officer John Morrison to the Harrington home on Fourteenth street last Sunday evening to assist in stealing Mrs. Daniel Levy's child.

The whole matter will likely go before the Commissioners.

ALL PERSONS WERE SEARCHED FOR WEAPONS.

GEORGETOWN, Ky., Oct. 15.—Under the operation of Judge Cantrell order that all persons be searched for concealed weapons before being permitted to enter the room where the trial of Judge Powers is being held, the Judge and all the lawyers on both sides submitted to a search this morning at the hands of Deputy Sheriffs.

The trial is now under way in court. D. M. Woodson of Frankfort was the Commonwealth's first witness.

RUMOR THAT BOTHA HAD BEEN CAPTURED.

LONDON, Oct. 15.—A rumor was started on the Stock Exchange this morning that General Botha had been captured. However, a dispatch from Lord Kitchener dated at Pretoria yesterday evening, contains more important than the weekly summary of the captures, a reiteration of the statement that General Botha's columns are moving against a considerable force near the Natal frontier and the announcement that Commandant Scheepers' command is supposed to be broken up.

FOREST FIRE IS UNDER FULL CONTROL.

SALINAS, Cal., Oct. 15.—The report from Pacific Grove this morning is that the big forest fire which has been raging for the past week back of that town, is now under full control and that there is no further danger.

METHODIST WOMEN MEET IN THE SOUTH.

LOS ANGELES, Cal., Oct. 15.—There was a large attendance at the fifteenth annual convention of the Women's Home Missionary Society of Southern California that was held today in the First Methodist Church. Mrs. Geo. Boyard was the presiding officer and Mrs. P. H. Bocklin secretary. Mrs. J. W. Schenk led in the devotions.

STIRLING WON \$10,000.
LEXINGTON, Oct. 15.—Peter Stirling won the \$10,000 Louisville prize in straight heats. Hawthorne was second; Carrio Bell third. Best time, 2:45 1/2.

ROBBERS WRECK AN OHIO BANK.

USED DYNAMITE TO BLOW
OPEN THE GREAT STEEL
DOORS.

TOOK \$40,000
FROM THE VAULT.

Thieves Hold the Terrified Citi-
zens at Bay With Load-
ed Rifles.

GALION, Ohio, Oct. 15.—The Vault of the Farmers and Citizens Bank at Tyro, a small town near here, was wrecked early today by six robbers, who secured the contents and escaped. It is said the vault contained \$40,000. The doors of the vault were blown completely off and the building partially demolished. The explosion awoke the people of the town.

All who approached the bank, however, were driven away by the robbers, who were armed with rifles.

Mayor McConnell attempted to enter the bank but was fired upon and compelled to retreat.

Having secured the booty the cracksmen went to a lively stable where they bound and gagged the owner. They then took several rigs and drove rapidly away.

A posse and bloodhounds are on the trail of the robbers.

MOLINEAUX GETS A NEW TRIAL.

ALBANY, N. Y., Oct. 15.—The Court of Appeals has granted Roland B. Molineaux a new trial.

Molineaux was convicted of the murder of Catherine J. Adams in New York city and sentenced to death. The court grants a new trial on a prevailing opinion, written by Judge Warner of Rochester, his principal ground being that the lower court erred in admitting evidence as to an alleged crime, the death of Barnett, and thus merged two issues.

MAUDE GONNE ON THE WAY TO AFRICA.

LONDON, Oct. 15.—It is reported that Maude Gonne has eluded the vigilance of the authorities and is now on her way to South Africa. The authorities of the principal ports have been notified to watch for her arrival.

SCHLEY'S MEN STAND BY THEIR CHIEF.

GOING OVER THE OLD STORY
OF THE BATTLE OF
SANTIAGO.

ENGLISH CAPTAIN
PROMISED ASSISTANCE.

When He Got Into the Harbor of
Santiago Spaniards Would
Not Let Him Out.

WASHINGTON, Oct. 15.—The presentation of the Schley side of the case was continued today. At the instance of Mr. Rayner, the Judge Advocate summoned Lieutenant Commander James H. Sears, who was Admiral Schley's flag officer on board the Brooklyn during the war with Spain. He testified to many details connected with the campaign and was followed by other naval officers who served on the campaign. The list of the day included Lieutenant Commander Mason, Lieutenant Commander Griffin, who had charge of the powder division of the Admiral's ship, and Lieutenant Sampson, who had charge of the 8-inch turret, Chas. Webster and Edward McCauley, the former being a watch officer and the latter signal officer on the Brooklyn.

May Finish This Week.
It was understood that if this list could not be completed today the officers named should come on tomorrow.

Admiral Schley thinks it quite probable that the presentation of his testimony in his behalf can be completed this week and next. He will be the last of the witnesses to be heard, and will make a review of the entire campaign, covering the points in controversy.

Eduardo Nunez, the Cuban pilot, was among those called to correct former testimony. He added:

He added to his statement yesterday that he had seen the Brooklyn burning on May 31st, the day of the bombardment of the Cron where the records show that that vessel was at that time coaling and did not participate in the engagement. He also made a correction in his former statement concerning his conversation with Commodore Schley on first meeting him. His corrected statement of that incident was presented by his interpreter in written form.

Went Into Port.
Lieutenant Commander Sears follows.

BERKELEY

TRUSTEES HOLD THEIR MEETING. CHIEF KENNEY NOT RATIFIED.

Business of the College Town Transacted at the Meeting Last Evening.

BERKELEY, Oct. 15.—The ordering of considerable street work was the principal business transacted at last evening's meeting of the Town Board of Trustees. Trustee Staats earnestly recommended that another Deputy Marshal be appointed for South Berkeley, to put an end to the lawlessness which he averred is steadily increasing there.

The High school building was not accepted, it being decided to make a further investigation of the heating and ventilating system. Trustees Rickard, Staats and Turner were detailed to make the investigation.

Upon order of the finance committee the following bills were allowed: Louis Stone, \$274.70; Morgan & Co., \$337.00; L. Higgins, \$11.50; Robert Greig, \$14.37.

A resolution to have Webster street improved was asked for by Philip Monroe. The movement was opposed by Noah Webster, who accused Monroe of endeavoring to boom his property.

Cement sidewalks six feet in width were ordered to be laid as follows: On both sides of Vine street between Shattuck avenue and Louisiana street, on both sides of Channing way between College avenue and Piedmont way, on both sides of Bancroft way between Piedmont way and Warring street, on the west side of Adeline street between Russell and Mason streets, a four foot wooden sidewalk on the north side of Mason street between Mabel street and San Pablo avenue, also to sewer, grade, gutter, curb and macadamize Rose street between Shattuck avenue and Hopkins street on the district plan.

Health Officer Rowell reported the town to be free from contagious diseases.

M. Hefsey was granted permission to lay a twelve inch pipe sewer in Gilman street from the east line of Third street to the tide line.

The Oakland Paving Company was granted permission to improve Howe street.

Permission was granted Geo. W. Werner to lay a cement sidewalk on the north side of Channing way from College avenue 20 feet east.

P. Schmoor was granted permission to lay a six foot cement sidewalk on Fremont street.

Robert J. Carter was granted a forty day extension of time in which to grade and curb Harmon street.

Lindgren & Hicks were given permission to place a six foot cement sidewalk on the east side of Grove street between Bancroft and Addison ways and on the west side of Shattuck avenue between University avenue and Addison street.

At 8:15 o'clock, at the next meeting of the Board, was set as the time for hearing the protests against the improving of Spruce street.

Trustee Staats recommended that another officer be appointed for duty in the southern portion of the town. The recommendation was taken under advisement.

The investigation was opened by a short address by Elmer E. Johnson, foreman of the Citizens' Hook and Ladder Company No. 1, in which he said that it would be better for the department and all concerned if the whole affair be forgiven and forgotten.

The foremen and engineers then went into executive session and the difficulty was gone over from the beginning. The examination proved that a great deal thought to have taken place had not occurred and they decided that the charges be dismissed.

Those who had been present at the first part of the meeting were then called in and a general handshaking followed. The necessary apologies were made and all expressed themselves pleased with the amicable result of the investigation.

Some one then proposed that a peace banquet be held on the 31st of this month, which met with favor by all present. Committees were appointed. It was also moved that the City Trustees be invited to attend. The date of the banquet was set on the 31st, owing to the fact that on the same night the Citizens' Hook and Ladder Company, the oldest company in the department, will disband. A new company will not be found at the same time and many members of the old company will join the new.

ALAMEDA EDUCATORS TO HOLD MEETING.

ALAMEDA, Oct. 15.—The Board of Education will meet tonight. Nothing of importance, aside from the regular work, will be brought up.

ALLEGED FOOTPADS ARE ARRAIGNED FOR ROBBERY.

ARTHUR MEAKER JR. PLEADS NOT GUILTY.

Arthur Meaker Jr., the ex-Y. M. C. A. worker, pleaded not guilty to stealing \$40.50 from J. A. Thompson of 500 Sixteenth street, in the Police Court today. He will only be tried on a petty larceny charge. He expressed a preference to be tried by the Court. The date of trial was set for October 19.

THE CITY DISCARDS ITS ROBES OF MOURNING.

The period of official mourning designated by President Roosevelt in memory of William McKinley expired on the 15th instant. The emblems of mourning in the various parts of the city are being taken down. The heavily creped entrances of the City Hall will soon lose its somber color, and all external signs of grief will disappear.

The Duty of Mothers.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham's Laboratory at Lynn, Mass., and secure from a woman the most efficient advice without charge.

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote in January, 1890, saying her daughter had suffered for two years with irregular menstruation—had headache all the time, and pain in her side, feet swelled, and was generally miserable. She received an answer promptly with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Lydia E. Pinkham's great medicine for regulating woman's peculiar monthly trouble.

ture which elicited great joy and applause from all present.

Mr. George Macdonald, the Sunday School superintendent, made the address of welcome, to which Mr. Milnes cheerily responded. Rev. Dr. Dille of the First M. E. Church of Oakland gave the jubilee address. A few vocal numbers were in order, and the enjoyable entertainment closed with an address by Professor Rook, recently from the East. After the entertainment refreshments were served.

A total sum of \$2,000 has been raised during the last five years. In addition to the mortgage, \$236 has been included for improvements on the church and parsonage.

didn't disturb us in the least. Although our store was crowded to its utmost capacity we were able to courteously satisfy the desires of all. Nor was it just a case of doing our best for we did all that was demanded. It is a strenuous test of the capacity of our modern ice-cream plant—and a very gratifying one.

PROTECTION FROM DISEASE.

Surgeon General Wyman is advocating a plan for the sanitary protection of the American Republics that should appear very forcibly to the international conference about to be held in the City of Mexico. His idea is to establish a uniformity of legislation that will prevent the spread of infectious and contagious diseases and the way he proposes to bring it about is by the sanitary improvement of harbors, sewerage, soil drainage and the elimination of infection from buildings.

This method would primarily afford the greatest protection to the United States, though its benefits would not end there, for every nation on the continent participating in the plan would minimize the possibilities of contagion. As a defensive measure the United States could not ask anything better, for whereas owing to our municipal and State regulations there is little fear of our carrying contagion from one place to another, the exact line is almost entirely at the mercy of the lax methods that prevail in the Latin republics. It is true that we have a quarantine system and that experts are in charge of that work, though that it is unable to meet the situation is shown by the fact that Surgeon-General Wyman, who is at the head of the service, is advocating the proposed international sanitary coalition.

That in the past we have been fortunate in having had so few attacks of contagious diseases should not make us satisfied to go on in the same old way, but should rather spur us to greater effort upon the present occasion. Our recent experience with the plague is conclusive enough as to what an epidemic would cost us, and as yellow fever, smallpox and other such errors are always lurking in countries like Peru, Chili and the Central American Republics, we cannot be too much on guard. There is satisfaction, too, in the knowledge that Surgeon General Wyman's appeal will not fall upon deaf ears, for the convention in Mexico will consist of delegates representing the best thought of their respective countries. It will need little argument to impress upon them the benefits to be derived from the proposed legislation, and if it can be obtained, the whole system will practically run under one guiding hand and the best results will therefore be procured. Sanitary work has made some marvelous advances during the past quarter of a century and one of its most notable victories will be scored if General Wyman succeeds in obtaining international action upon the lines proposed.

Residents of Riverside county are protesting because the Supervisors are about to erect a new jail, the complainants saying that there is little or no use for such an institution. They seem to forget, though, that its very existence will be a deterrent of crime; let it be generally known that Riverside has no jail and see how quickly the tramps and small fry crooks will flock in that direction.

Texas is still booming its oil gushers and the operators down that way seem to have got all the press agencies upon their staff. Anyone sending his money for speculative purposes to the land of the cowboy should, however, expect to be roped in.

COUNCIL WILL TRY TO KEEP NIGHT SCHOOLS OPEN.

CITY FATHERS AND MEMBERS OF THE SCHOOL BOARD MEET AND DISCUSS THE SITUATION—MATTER WILL BE SETTLED NEXT THURSDAY NIGHT.

At a meeting of the Committee of the Whole of the City Council last night, there were present Councilmen Cuvellier, Dornin, Fitzgerald, Wallace and Wilcox. There being no quorum no official business was transacted.

It was decided to hold an informal meeting to discuss plans for maintaining the night schools. The following members of the Board of Education were present: Directors Cliff, Isaacs, Redington, Robertson, Randolph, Button, and Secretary McClymonds.

Councilman Dornin was elected chairman of the meeting. He called upon the members of the Board of Education to express their views on keeping the schools open.

City Superintendent of Schools McClymonds was requested to speak in behalf of the Board of Education. He said:

"It is not necessary for me to take the time to tell you of the work of the evening schools. During the year about 1,100 attend the night schools. They do not all attend at one time, but the daily attendance will average about 250. Since the Supreme Court has sustained the decision of the Superior Court of Stockton, relative to using State and County funds for evening and high schools, the Board of Education has been unable to suggest a way of keeping the night schools open. There was no provision in the tax levy for the evening schools, so the Board of Education is prevented from paying the salaries of the teachers in the evening schools. The Board has accepted the advice of the City and District Attorney and cannot pay the teachers the money which is owing them.

It goes without saying that the Council would have made provision for the night schools had they been aware of the decision which was rendered by the Supreme Court. In view of the fact that the Council made absolutely no provision for the night schools, I would suggest that the city provide funds for the schools by appropriating a portion of the \$10,000.

COMRADES TO HONOR MEMORY.

Chas. Snook and Others Will Speak at the Lawrence Nolan Memorial Services.

There will be memorial services this evening under the auspices of the A. O. U. W. in memory of the late Lawrence Nolan, Past Master of California Lodge No. 1. The exercises will take place in Fraternity Hall, Seventh and Franklin streets, West Oakland.

Mr. Nolan joined California Lodge about ten years ago, and from the start took an active interest in the business of the order. He passed through several chairs in the lodge, and was sent as a representative to the Grand Lodge, and was continually a member of that body up to the last session; and was generally found on important committees.

He also served as District Deputy Grand Master of District No. 1, Alameda county for several terms, and was most faithful in the discharge of his duties; and with his kind and gentlemanly ways won many friends.

Last year when it was proposed to celebrate the silver jubilee of the order, he was chosen chairman of the committee of arrangements, and worked early and late for the success of the celebration. His sickness dates from the day of the celebration when he was taken ill at Shell Mound Park. He never afterwards enjoyed good health, though he continued to follow his usual occupation for some months afterwards. His death occurred on the 14th day of last month, and tonight his many friends and fellow workmen will gather to pay a tribute to his memory.

The speakers will be Past Grand Master C. E. Snook, Past Grand Master D. S. Hirschberg, Rev. J. B. McNally, Past Master W. J. Petersen and Past Grand Chief of Honor Mr. E. F. Mayon.

BERROTT'S EXECUTOR TO COMPROMISE A CLAIM.

An application has been filed by Adolph Heilbron as administrator of the estate of the late George Berrott, to compromise a claim of \$5,000 against the estate of F. D. Sweetser, who recently died in Nevada.

According to the petition, F. D. and A. T. Sweetser executed their note to Berrott in 1892. Six years ago, it is alleged, A. T. Sweetser mysteriously disappeared and has not since been heard from. After F. D. Sweetser died, Berrott presented the note as a claim against his estate, and it was allowed by the executor, H. J. Lorentzen, who has paid the interest on the money up to January 1st last. Sweetser's estate was valued at \$25,000, but the creditors' claims aggregated \$28,000.

PERSONAL AND SOCIAL NOTES.

An Interesting Wedding Will Take Place in Alameda This Evening.

J. N. Fontham, the plumber, has returned from an eight days' pleasure trip to Lake Tahoe. He reports that fishing was excellent.

The total sum required for the year is \$4,332.60. The tax rate is now fixed, and will give about \$900 to meet obligations amounting to \$4,233.00. Subtracting the amount the evening schools will receive, it leaves approximately \$3,300 for the Council to raise. I believe it only remains for the Council to appropriate this sum from the back taxes paid in. This sum could not be expended for a better purpose.

Wallace—How many classes are there in the evening schools?
McClymonds—Seven classes, altogether.
Wallace—Could they not be reduced in number?
McClymonds—No, not very well.

Redington—I do not see how the Council can escape the responsibility of keeping the schools open.
But—Is not the Council the Council cannot appropriate a sum sufficient to keep the schools running from the \$10,000 received by the city for back taxes. It was like found money.
Cuvellier—There should be some way to give these people \$4,000 out of this ten thousand.

Fitzgerald—I am under the impression that the \$10,000 will be used up by the demands made upon it before it could be transferred to the School Fund.
Much similar discussion followed. It was decided to recommend the entire matter to City Attorney Johnson and Auditor Breed for a report to be given to the Council next Thursday night.

The Superintendent of Schools and the Board of Education were invited to be present and offer further suggestions.
After hearing the Board of Education, the five members of the Council briefly discussed the construction of the main sewer in the annexed district and then adjourned without official action.

An arrangement was made by which most of the creditors agreed to accept 30 per cent of their claims.
In the case of Berrott's claim, it was agreed by the executors to pay \$5,000 for its liquidation, and as this would be a reduction of only \$300, the executors of the estate of those he represents to accept the offer.

Berrott left an estate amounting in value to nearly \$100,000. The widow, Mrs. Berrott, is at present in a private asylum for the insane.

HONORS ARE SHOWN TO UNITY CHAPTER.

A distinguished honor has been conferred upon the ladies of Unity Chapter No. 65 of the Order of the Eastern Star, of this city. The West Oakland Chapter has been chosen by the Grand Lodge, which meets in San Francisco this week, to exemplify the work of the order for the benefit of the delegates who are to gather in San Francisco from all over the State.

This is an honor that is eagerly sought and which only goes to the chapter that is most proficient in the ritualistic work of the order. When Unity Chapter was notified that it had been selected to illustrate the ritual of the order for the benefit of nearly 700 delegates from chapters from all over the State, the ladies were greatly pleased. It meant much hard work, but it also meant that Unity Chapter was regarded as so proficient in the ritual that it was deemed best able to present the work to the visiting delegates.

The date set for the work is Thursday next and the place Alcatraz Hall, West Oakland. At that time Alcatraz Hall will be turned over to the Grand Chapter of the order and on that evening a special session will be held in Oakland of the Grand Chapter for the exemplification of the work. On that evening those who cannot be accommodated in the main hall will be given entertainment in the reception hall below.

The officers of Unity Chapter are as follows:
Worthy matron, Mrs. Emma Glines; worthy patron, H. W. Adams; associate matron, Mrs. Edith Edwards; secretary, Mrs. Emma Perkins; treasurer, Mrs. E. Beretta; conductress, Mrs. Helen Edwards; associate conductress, Mrs. Lydia Sanborn; Ada, Mrs. Emma Blanchard; Ruth, Mrs. Maggie Schwartz; Esther, Mrs. Clara Chase; Martha, Mrs. Maria Barnum; Electa, Mrs. Elizabeth Krytzer; chaplain, Henry Schwartz; warden, Mrs. Lulu Adams; sentinel, Mrs. Elizabeth Holt; marshal, Mrs. Ella H. Taylor; organist, Mrs. Ida Sidal.

The Welcome

At the door from a happy, healthy wife, is something which the husband looks forward to, through the day's labor. He may be tired, but his step lightens and his face brightens as he quickens his pace to receive the smiling welcome of his wife. What a difference in the home-coming of the man whose wife is nervous and gloomy, having neither heart nor strength to be glad. Many such husbands have worked a transformation in his home-life by learning of the cures performed by Dr. Pierce's Favorite Prescription.

Dr. N. H. Chamberlain of this city and Attorney W. M. Gardiner of San Francisco, returned yesterday from an automobile trip to San Jose, Glenora, Congress Springs, and Mt. Hamilton.

Miss Amelia V. Barbagelata has left for New York City, where she will pass the winter visiting friends.

One of the fashionable weddings of the early spring months will be that of Miss Georgiana Hopkins and Frederick McNear. The engagement has been publicly announced and already many social functions are being arranged in honor of the bride-to-be.

Miss Hopkins is the third daughter of Mr. and Mrs. Edward W. Hopkins of San Francisco. She is one of the best known in the younger social set at San Francisco and has many friends on this side of the bay. Her mother was a Smith, one of "the Smiths" who were lords in the early seventies, and Miss Georgiana is very like her in appearance.

"FAVORITE PRESCRIPTION" MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

FLETCHER WOULD LIKE TO BE CHIEF.

Friends Are Urging Him for Head of the Police Department.

Ex-Chief of Police Fletcher has not been lost sight of by many residents of this city as a prospective candidate for re-election to his old position, and from which he was retired about a year ago, on a pension of \$3,500 a month, after having served twenty years on the police force and having attained the age of 60 years.

The ex-Chief's friends say that he is still in the most robust of health, has his mental faculties unimpaired and that he is as qualified now to discharge the duties of any office in the department as he was when he was in his prime.

The interest of his friends in his behalf is not of a selfish nature. It has, they say, the economical welfare of the city at heart. At present, the ex-Chief, they say, draws down quarterly \$262.50, or at the rate of \$75.50 per month. For this money the ex-Chief does nothing for the city. This money, of course, comes out of the pension fund, which is raised by assessment upon the members of the Police Department. At the end of each fiscal year, if there should happen to be a surplus in the fund, that surplus is turned into the City Treasury. If, however, the ex-Chief were not in receipt of his pension of \$262.50 quarterly or \$950 annually, the treasury at the end of the year would be the richer by that sum. It follows, therefore, Fletcher's friends say, that the city is paying out money for which it receives no return, an illogical proceeding when the question of economy and retrenchment in municipal finances is engrossing the attention of all the departments of the city government.

Speaking on this subject this morning, ex-Chief Fletcher said:
"I am not putting myself forth as a candidate for Chief of Police, because there is no vacancy in the office. If there was a vacancy, however, whom else would they select? I am receiving \$75.50 per month for doing nothing. I should be satisfied to serve as Chief at the regular salary and save at least the amount of my pension money to the city, especially at this time, when money seems to be so difficult a thing to get hold of. If the office of Chief were an elective office, there is no doubt who would be chief."

STUDENTS REMEMBER THEIR DEAD COMRADE.

The following resolutions have been adopted by the Athletic Association of the Polytechnic High School at Twelfth and Market streets:
"Whereas, During the mid-term vacation, Santa Cruz, one of the school-mates, Herbert E. Francis, lost his life, suddenly, when alone and in an entirely unforeseen manner.

"Whereas, His death is a great shock and loss to us all, and
"Whereas, We desire to express our appreciation of his rare, good nature under all circumstances and his quiet, gentlemanly bearing in school and out of it; therefore, be it

"Resolved, That not only has the school lost a worthy student, but the Athletic Association has lost a popular member and the baseball team a player of cool deliberate judgment, skill and steadiness, whose place it will be difficult to fill; and be it further
"Resolved, That as a slight token of our regard for his memory, we will place flowers for two weeks upon his vacant desk, and that furthermore we will cherish and seek to perpetuate the qualities that made him such a favorite in the school and on the athletic grounds; and be it further
"Resolved, That a copy of these resolutions, signed by the officers of this Association be sent to the parents as an expression of our regard for him and sympathy with them."

ITALIAN BAND TO PLAY IN OAKLAND.

Concerning the Royal Italian Band, which will play at the First Unitarian Church in this city next Monday and Tuesday evenings, the San Francisco Bulletin says:
"An audience moderate in numbers, but boundless in appreciation, received the Royal Italian Band at the Alhambra last night. There was only one verdict at the close of the concert. The Royal Italian Band has displaced Sousa's in the affections of the Easterners; Sousa will be forgotten when the band leaves San Francisco. For a new leader has sprung up to charm and magnetize by his wonderful art, and now Creatore is the leader of the day."

"The band is a revised edition of the Royal Marine Band which played at the California last year. That is to say, it now consists of forty-seven pieces, including eleven picked musicians from last year's band. W. Channing Ellery is proprietor of the band, and Creatore, the masterly trombonist, who created such a sensation among music lovers a year ago, is the leader. He has worked with a will, has imparted some of his genius to the band, has imbued them with something of his ardent spirit, and the result is great."

"An opening march, 'Royal Purple,' composed by Creatore himself, caught on with the audience and established friendly relations at once. Then the full strength of the band was brought out with dramatic effect in the overture to 'Tannhauser.' Another fine number was the sextet from 'Lucia,' with Signori Palma, Mita, Marino, Cured, Liberatori and Lucio. In the second part, the audience went wild over this. Chopin's 'Funeral March' restored gravity. Numbers from 'La Gioconda' closed the program.

"Miss Heintzen pleased with a harp solo in the first part. She has a light touch and good execution. In the second part, she played 'Robert, le bon l'ame' and as an encore 'Amie Laurie.' She has a good, flexible soprano. The band should be a big drawing card during its one week here."

Walrus and seal, from 1.00; carved leather, 85c to 3.00.
Or with finger straps 1.50 and 2.00.

Hand Bags, also handy bags, seal and walrus, from 1.50; real alligator from 3.50, according to size.

Boston Bags, useful combination of leather and cloth, long handles, 25c to 3.75.

Cigar Cases of russet, seal, alligator and carved leather. Prices begin at 35c.

Finger Purses with that strap so handy and safe, seal or walrus, from 25c up; hand carved from 65c to 1.75; real alligator, from 1.00.

Mounted Combinations—real leather, with handsome silver corners, 2.00 to 5.00.

Music Rolls, with convenient strap handles, stamped and carved leather, from 1.75 to 3.25; black leather, 1.50, 2.00 and 3.00.

Leather Grips—serviceable, priced according to size; grain leather from 1.30; real alligator from 2.65.

Also, those durable Kerot's "rips, better than some leathers; from 85c.

Your initial free in sterling silver, with any purse or pocketbook costing one dollar or more; or name stamped in gold if preferred.

Ladies' and Misses' Belts

Nearly every week is marked by a new style in belts, but you can depend on the new ideas being here as soon as they are evolved, and doubtless in just the color and style that best fits your waist or dress.

Leather Belts in all colors, with plain and covered buckles, from 15c, 25c, 50c, up to 75c.

Good patent leather belts from 25c up; novelty plated leather belts 1.00.

New double buckle, form-fitting black leather belts, 50c.

Carved leather belts, 65c and 1.15.

Satin belts, corded clench fastening 50c; same style in girdle belts, 75c, big assortment of buckles.

Tucked sateen belts, both narrow and broad, 25c each.

Tucked sateen in girdles, with bows or buckles, 50c, 75c and 1.00.

GEO. W. BAKER TELLS OF THE S. P. RAILROAD MEN.

SAYS HARRIMAN IS A GREAT RAILROAD PRESIDENT AND SPEAKS KINDLY OF CHAIRMAN TWEED AND TRAFFIC MANAGER STUBBS.

G. W. Baker, the well-known attorney of this city, returned from a trip to New York City, Washington, Chicago and other Eastern cities last Saturday.

A reporter for THE TRIBUNE called upon him this morning for an interview in regard to his trip and what views he gathered in reference to the situation in the Eastern States and especially what he learned in railroad circles in the American metropolis.

He stated that his trip was somewhat hurried, as his time to be absent was limited, but that he made the most of the few days at his disposal in visiting the Pan-American Exposition at Buffalo, spending a few days in Washington and a week in Chicago. I was favorably impressed with the present condition of business in the Eastern States and was satisfied now that the election of the late lamented McKinley, whom he did not support, was no mistake on the part of the American people.

There is no part of the East which he visited that did not show most unmistakable evidence of business prosperity and the enterprises undertaken during the past five years could only have been launched under an administration in which the people and moneyed men had the most implicit confidence.

He also assured the reporter that while the death of McKinley was regarded in the East as a public calamity it was gratifying to know that in the new administration, thus rendered necessary, the new President, Mr. Theodore Roosevelt, by his acts and declarations, showed himself to be a very good second to his predecessor in office, and the people in the East had come to realize that the business interests of the country would be perfectly safe in his hands.

In other words, he is determined to follow in the footsteps of his chief and carry out as far as possible the policy outlined by the lamented McKinley.

Mr. Baker was asked if he had seen any of the leading railroad magnates or had heard anything of interest to the Coast in the railroad circles of the East. He replied:

"I called on Mr. J. C. Stubbs, traffic director of the Southern Pacific in Chicago, also upon Mr. Charles H. Tweed, chairman of the Board of Directors of the Southern Pacific Company and also had the honor of an introduction to Mr. E. H. Harriman, the new president of that corporation.

"It is safe to say that Mr. Stubbs is the busiest man in Chicago and has under his special direction the freight and passenger traffic of the greatest railroad combination in the world. It is unnecessary to state to any person in California, where Mr. Stubbs is so well known, but it is gratifying to know that when the owners of this great railroad enterprise required a man of most extraordinary ability as their present position demands they had to come to California to supply the place."

"Mr. E. H. Harriman the president of the Southern Pacific Company."

"To the Board of Trustees of the Oakland Free Library: 'Gentlemen: The Ebbl Committee of the children's library room ask permission of your honorable body to finish and furnish the room known as the children's room in the new library building without cost to the city of Oakland and according to plans herewith submitted for your approval. MYRA KNOX, Chairman. MRS. JOHN RUSS, Sec."

"Architect Coxhead said that the plans as submitted by him were those referred to and had been approved by the ladies of the Ebbl Committee."

It was moved by Director Laidlaw, seconded by Hardy, that permission be granted the ladies of the Ebbl Committee to finish and furnish the children's room as requested, subject to the approval of the City Attorney. So ordered.

Architect Bliss then submitted his plans for the interior finishing of the building, proper including shelf arrangement, the fitting up of the delivery department and the Trustees' rooms. The furnishings of the reading room are to be very simple, and of black stained oak. There will be magazine holders, tables, paper, supplies and an abundance of chairs. The lighting of the big room up-stairs will be most complete and is to cost about \$1,000. The shelves for the books up-stairs and the tables will cost about \$3,000 and will be of oak.

After some discussion of the plans the Board recommended to Mr. Bliss that he secure preliminary bids on the Trustees' room and report the cost at the next regular or special meeting of the Board. The furnishing of the reading-room and the up-stairs will cost about \$3,000. The expense of fitting up the children's room by the Ebbl ladies will be \$5,000.

It is also intended to have a color scheme in light tints so as to produce a cheerful effect in the interior. Mr. Coxhead said that his estimate for the furnishing with oak floor, cedar book cases, etc., except movable furniture, was \$5,000.

Mr. Bliss of the firm of Bliss & Flavelle, architects for the library building, was also present and inspected the plans and expressed the opinion that the effect would be very artistic.

It was incidentally suggested that there is a handsome picture by Whistler in the interior of the children's room.

President Pendleton stated the result of an interview between himself and Trustee Hardy and members of the Ebbl Committee on Thursday evening, after which the following letter was read:

The Company as a railroad manager, has few equals, and no superiors in the United States.

"While he is a gentleman of great fortune, he is said to be the hardest worker in the State of New York. He enjoys the reputation among his business associates and employees of being affable and courteous to all with whom he comes in contact, and has the confidence and esteem of the business world in which he moves. He will no doubt make a very worthy successor to the late C. P. Huntington, who during his life time, stood at the head of all railroad presidents around the globe.

"Mr. Charles H. Tweed the chairman of the Board of Directors, has probably more diversified genius, than any other man connected with the Company. He is by profession a lawyer, of eminent ability as his record in the State of New York, and before the Supreme Court of the United States will verify. As a shrewd financier he is said to be one of the first in New York City, and as chairman of the Board of Directors of the Southern Pacific Company he sizes up as a railroad man, the equal of his fellows. It is rarely that we find such a combination of qualities in one individual, and withal he is an affable and courteous gentleman, with a sufficient supply of the milk of human kindness to entertain people having business relations with him in the most cordial manner making no exhibition of the great importance and power which his position carries with it.

"I believe that the Southern Pacific Company has as able a corps of officials as any railroad in the United States, and that the future of the company will bear out this prediction.

"The Pan American Exposition is a great success so far as display is concerned, but the unfortunate occurrence of the assassination of the President within its gates has had a very depressing effect upon intending visitors, who have seemingly lost interest in making the journey to Buffalo, and it is said that from a financial standpoint its promoters will stand to lose more than a million of dollars.

"Washington is now, as it always has been, the most beautiful city in the Union, which accounts, probably, for the overweening desire of our politicians to emigrate there at public expense.

"It is certainly an ideal city, and if one is well supplied with cash, I can see no reason why a life at the Capital should not be coveted by every ambitious American, but of all the cities, between the oceans, Chicago is the most bustling and busiest, and in the near future will be the metropolis of America. Its location makes it the toll gate of the West, which in a few years more will be the center of population of the United States, and the rapid strides of Chicago, in the last quarter of a century, demonstrates that in the next quarter she will be without a rival in population on the continent.

"On the whole, my visit to the East was very pleasant, the weather was delightful, and the railroad accommodations were all that ordinary mortals could desire."

"To the Board of Trustees of the Oakland Free Library: 'Gentlemen: The Ebbl Committee of the children's library room ask permission of your honorable body to finish and furnish the room known as the children's room in the new library building without cost to the city of Oakland and according to plans herewith submitted for your approval. JOHNSON GIVES AN OPINION.

Advices the School Board in Regard to Using Money for the Night Schools.

The following opinion on the closing of the night schools has been given to Superintendent McElmyn by City Attorney Johnson:

"Mr. J. W. McElmyn, Secretary of the Board of Education—Dear Sir: You have requested me to advise the Board of Education whether in my judgment it will be possible to pay the expense of evening schools of the city of Oakland out of either State or county school moneys. Answering this inquiry, I beg leave to report as follows:

"Sections V. and VI. of Article IX of the Constitution of this State reads as follows:

"Section V. The Legislature shall provide for a system of common schools by which a free school shall be kept up and supported in each district at least six months in every year, after the first year of a school shall have been established."

"Section VI. The public school system shall include primary and grammar schools, and such high schools, evening schools. Normal schools and technical schools may be established by the Legislature, or by municipal or district authority, but the entire revenue derived from the State School fund and the State school moneys shall be applied exclusively to the support of primary and grammar schools."

"Section 185 of the Political Code, providing for the apportionment of school moneys, after giving directions to the School Superintendent of each county concerning the apportionment of all State and county school moneys, declares that all State and county moneys remaining on hand after apportioning \$500 to each district having twenty school census school children or more for every teacher assigned to it, and after apportioning \$400 to districts having less than twenty school census children between the ages of five and seventeen years, must be apportioned to the several districts in proportion to the average daily attendance in each district during the preceding year. The two sections of the State Constitution above quoted, together with the aforesaid Section 185 of the Political Code, and also Sections 154, 162, 163, 164, to 167 of the Political Code, provide that all school moneys remaining after a certain apportionment referred to in said sections, must be used only for the support of primary and grammar schools. The Supreme Court of this State in a recent decision of August 26, 1901, has held that, under the subdivision 4 of Section 185 of the Political Code, providing as above quoted, that all moneys remaining after a certain apportionment must be apportioned to the several districts in proportion to the average daily attendance in each district during the preceding year, the term 'daily average' refers to the attendance of the district primary and grammar schools to the exclusion of the evening and high schools, for the reason that under the Webster, San Francisco, J. R. Sexton, Los Angeles, Hank McIntosh, Ontario, Gus Williams, Santa Rosa, ALBANY—Edw. C. Holeman and wife, Klamath, Pa.; A. A. Denison, Mrs. H. P. Roach, city; Mrs. Prano, Los Angeles; A. Reinhart and wife, San Francisco; Chas. Smart, H. P. Harris, city.

"The proper proportionate amount of each census child in the districts is thus intended to be given upon a just representation. Then the remaining moneys on hand must go to the several districts in proportion to the daily average attendance in each district for the preceding school year. Each district refers to the district schools—to the primary and grammar schools. The several sections to be provided for the use of the public school moneys in primary and grammar districts. The average daily attendance at the district school in each district was thought to be a just basis upon which to apportion the remaining moneys. It was not intended to include the average daily attendance in a high school or evening school which was not entitled to any such school moneys. This would be representation without taxation. If no part of the moneys were used for such high schools or other institution of learning in the district outside the primary and grammar schools, why should such average daily attendance be used? It can hardly be seen that two adjoining districts of a county might have precisely the same daily attendance upon the primary and grammar schools of each district; in one district there might be high schools and evening schools with three times as great an average daily attendance as the school district. Under respondent's contention, the district with such high schools and evening schools located therein would receive four times as much as any other district. This money would have to be used from primary and grammar schools of the district thus giving each school child in a fortunate district four times as much money for its education as the less fortunate child in another district would have. The Legislature never contemplated any such absurd result."

"Upon the authority of this case entitled Stockton School District of San Joaquin County against Wright, County Superintendent, I will conclude and so advise the Board of Education that in my opinion it will not be possible to pay the expense of the evening school now being conducted in the city of Oakland out of either State or county school moneys."

"Very Respectfully, JAMES A. JOHNSON, City Attorney."

HOT WEATHER IN NORWAY.

Our readers will notice that the present number of this paper is published on a Friday, instead of Wednesday. The editor, sub-editors and staff, who consist of but ordinary mortals, found the heat prevailing during the early portion of the week so oppressive that they were unanimously decided to escape to the country and take a few days' holiday. CATHOLIC NOTES OF INTEREST.

Large Entertainment for the Benefit of St. Mary's Catholic Church.

A grand musical and literary entertainment for the benefit of the library fund of the church of St. Mary's Church of the Immaculate Conception, Rev. Father King, pastor, will be held in Pythian Hall, Twelfth and Franklin streets, on Thursday evening, October 31, at 8 P. M.

The principal feature of the evening will be a musical rendition of sacred and secular songs by a chorus of the best musical talent in Oakland, including the superb choir of St. Mary's which is rehearsing diligently for that occasion under its instructor, a distinguished graduate of the Royal Conservatory of Music of London, England, Professor Adolph W. Gregory. Since his arrival from Vancouver Prof. Gregory has divided his time between his classes at the San Francisco Conservatory of Music and the St. Mary's Choral Society, and the coming entertainment and concert, which is under the patronage of Rev. Fr. X. Morierson and the ladies of the congregation, is intended to provide funds to augment the library of the St. Mary's Choral Society. The society already numbers twenty trained voices and is in a fair way to become, under its present leader, the leading choir of the Archdiocese.

The Father Yorke Branch of the Gaelic League showed an increased attendance at the classes in St. Mary's Hall on Monday evening, the large hall being comfortably filled when President M. J. Lawless called the meeting to order at 9:30, after an interesting and practical session of two hours.

After the reading of important communications and the transaction of routine business the audience was treated to an impromptu literary and musical entertainment, the program consisting of the following diversified selections:

Address, "Irish National Music," M. J. Lawless, violin solo, Master Victor McCarthy, recitation, "Shamus O'Brien," Dennis D. Dillaye, piano solo, Miss Jennie Cronan, soprano solo in Gaelic, "The Wearing of the Green," Mrs. Hanna O'Leary, dramatic recitation, "Self Reliance," Theodore Lynch, tenor solo, "The Bard of Armagh," Francis McAllister, Irish dance, jig and reel, Mr. Hugh O'Kane and Miss Mary Jennings.

After important announcements by the chairman the meeting closed with the Pater Noster and Gloria Patri in Gaelic by the members, led by Principal O'Leary—Monks.

WERE THROWN FROM A BUGGY.

Miss Boole and Her Friends Meet With a Painful Accident.

Becoming frightened at the train, two spirited horses attached to the carriage of Captain W. A. Boole ran away yesterday afternoon, overturning the carriage and throwing the four occupants out.

Miss Lillie Boole, who was driving the team, was hit at her home on Elbert street in a precarious condition from concussion of the brain.

Mrs. Hamlet, wife of Captain Hamlet, Superintendent of the United States Revenue Service, sustained a broken arm, the occupants, Miss Boole, the other two occupants, were badly shaken up.

The accident occurred while the party was returning from a visit to the shipyards of W. A. Boole & Son, at the foot of Adeline street. A train was passing along First street. The animals became frightened and ran toward Seventh street.

Miss Boole laid the reins and managed to guide the horses until Third street was reached. Here the carriage overturned in making a sharp turn, throwing the occupants to the ground.

The injured people were taken to Appling's drug store at Seventh and Adeline streets. Drs. Maxon and Rinehart were summoned, and after dressing the wounds as best they could, ordered the patients to be removed to their homes.

Dr. J. F. Rinehart, who is attending Miss Boole at her home, states that she is in a critical condition from concussion of the brain.

ROARING FARCE AT THE DEWEY.

"Mrs. Bridget O'Brien, Esq." Entertains Large Audience at Popular Theatre.

An old and entertaining dramatic friend in the person of "Mrs. Bridget O'Brien, Esq." made another appearance at the Dewey last night and will continue to appear nightly until next Sunday, when she will retire for another indefinite period.

This venerable personage in the dramatic family is to be credited with more laughs on the part of auditors than any other member of her class. Age does not seem to put a gray hair in her curly head adorned now to rib her features with a supercilious wrinkle. Her acts are still as frolicsome as those of a Vassar maiden and her brogue, though slightly tarnished with a French patois, is rich and melodious as when she sailed from the shores of the Emerald Isle.

The old lady was brought into ex-

istence for the sake of entertaining people, and she carries out, in a remarkable degree, the purposes of her creator.

"Mrs. O'Brien" in this instance is impersonated by Harry Connors and has in him a capable and successful impersonator.</

HAYWARDS BASEBALL PLAYERS WIN A GAME.

SAN LEANDRO, Oct. 15.—The game of baseball played here last Sunday between the P. & H.'s and the Hale Bros.' team of San Francisco was only a repetition of the game between the local team and the Pensacolas on the previous Sunday.

GOMES WILL RETURN TO MEET CREDITORS.

SAN LEANDRO, Oct. 15.—It was reported several days ago that Antonio Gomes had left town, leaving his financial affairs in a very muddled condition.

PORTUGUESE GO TO THE GRAND LODGE MEETING.

SAN LEANDRO, Oct. 15.—On Sunday morning at 10 o'clock the special train bound for the big convention of the grand officers of the U. P. E. C. passed through here and picked up the local delegates to that convention.

LITTLE CHILD TOOK CONCENTRATED LYE.

While her mother was out of the room on yesterday afternoon, Louise Stein, the 3-year-old daughter of Mr. and Mrs. L. L. Stein of 148 Shattuck avenue, climbed upon a chair and secured from the top of a bureau a bottle of concentrated lye, a portion of which she drank. When her mother returned to the room the little one was in convulsions. Dr. Kelsey worked over the child for several hours, at the end of which the announced that she was out of danger. The child's mouth and throat were badly burned.

HE HAS GONE TO TEACH THE FILIPINOS.

Allen MacKenzie of this city, a member of the class of '98 at the State University, and one of the 600 teachers who went to Manila on the transport Thomas two months ago, has been assigned to the little town of Capez, on Panay Island, inland from Iloilo. He expresses himself as being delighted with the country and somewhat glad to get away from Manila, where he spent about two months in comparative idleness.

THE YUBA POWER COMPANY.

ELMHURST, Oct. 15.—E. P. Stone was in Oroville last week, from which place he went to French Creek on business for the Yuba Power Company, in which he is interested.

THE NEW FUEL.

A Decided Success.

Tesla Bricquettes will save you twenty-five per cent of your coal bill. You will not only have economy, but cleanliness and comfort combined. They burn longer, make greater heat, less ash, and are the best furnace, range, stove and grate fuel on the market. Remember they will save you half your coal bill. Use same as any coal, but do not stir or poke the Bricquettes until red hot. Your dealer carries them; if not, he should; in case he does not, phone Main 79 and your order will be placed with the coal dealer nearest you handling them. All one size and shape.

DECOTO, Oct. 15.—J. Haines of San Francisco spent Sunday with his parents. Mrs. C. B. Lee and son Vaughn returned to their home in Oakland Sunday.

RECEIVED A LUNCHEON.

Miss May Haines entertained a company of young ladies at her home last Wednesday afternoon. Music and social conversation, and a lunch of luncheon helped to pass a very pleasant afternoon. Those present were: May Haines, Christina Anderson, Mrs. B. Reed, Zedie and Inez Whipple, Mae and Alice Kelley, Inez Whipple, Helen Crane, Ella Whipple, Mrs. Will Anderson and Emma Reiter.

FUNERAL OF W. B. KING.

The funeral of W. B. King took place from the family residence Friday morning, thence to Irvington, where services were conducted by the Odd Fellows and Wagon, of which the deceased was a member.

ELMHURST WOODMEN WILL HOLD MEETING.

ELMHURST, Oct. 15.—Elm Camp, No. 161, Woodmen of the World, is now making preparations for an entertainment which will be held some time in the near future.

HARD LUCK OF AN ELMHURST WORKMAN.

ELMHURST, Oct. 15.—Frank Parsons is again on the retired list, with a broken leg. Some time ago Mr. Parsons fell from a roof and sprained both his ankles in such a manner as to cripple him for several months, and just as he was getting well he slipped on a curb and broke his leg. He is much improved, however, and will soon be round again.

LITIGANTS HAD TO PAY FOR FIGHTING.

A suit was decided yesterday by Judge Elsworth in which the amount originally involved was \$100, which has cost the litigants over a thousand dollars in costs and attorney's fees.

for this opponent. Threats were made that the matter would be settled out of court, but the matter was finally settled without bloodshed.

REV. E. E. BAKER READS A PAPER ACROSS THE BAY.

Rev. E. E. Baker of the First Presbyterian Church of this city read a paper yesterday morning before the Congregational Club in San Francisco on "The Theology of Ritschl." The estimate of Ritschl in Germany, England and America was reviewed, a sketch given of the life of the theologian and then his system of theology was analytically presented, showing its defects and dangers, as well as its points of commendation. The essayist regarded Ritschl as practical rather than theoretical in his theology, which it was considered was permeating religion.
